

Benefits

- QUICK TIP self-sealing Lid: Open, pour and close with one hand!
- Patented Membrane Technology: Simply push down the lever with your thumb. This lifts the sealing plug inside to pour. This sanitary solution makes Quick-tip servers ideal to keep cream cold, in addition to serving hot coffee or tea.
- Dent Resistant, High Impact Plastic Housing absorbs shock more efficiently than metal housing, making the server more “ding resistant”.
- Drip Free Spout to avoid spills with good pouring qualities
- Superior Chrome Plating thanks to a multi-stage coating process
- Easily identify beverages with our labels. Available pre-printed (Coffee, Decaf, Hot Water) or blank. Hand-Wash safe.
- The right size and colour for all your applications

Blue	White	Chrome	Capacity	Dimension
0621350400	0621351200	0624 351600	MINI – 12 fl. oz.	6 ½” x 4 ¾”
