Cupcake Corer and Decorating Set

by Cuisipro

302-326-4802

www.cuisipro.com

The new Cuisipro Cupcake Corer and Decorating Set includes the tools necessary to create and decorate filled cupcakes: a cupcake corer, two cupcake squeeze bottles, two decorating tips and a cupcake offset spatula. The cupcake corer creates uniform cavities for filling with frosting, cream, candy or jelly. The corer requires a simple twist and pull, so it is easy and safe for kids to use. It features a guard to prevent the corer from being inserted too far into the cupcake. The two transparent, easy-grip squeeze bottles are designed to compress together like an accordion. The bottles hold about a cup of frosting or filling. A decorating tip creates delicate lines for words and borders, and a floral tip creates designs and fills the cupcake cavity. The set is dishwasher safe.

MSRP: \$20.
